

HST PROJECT · A DIGITAL TOWN

HAVENBROOK

The town we designed around a med school — 26 buildings, all named, all budgeted.

ABHINAV MISHRA · DINESH YARA · DAVI OGLAND

THE BRIEF

What we had to build

- A town growing around a new medical university — donated, off-budget
- A housing development — also donated
- At least 7 healthcare facilities and 3 community locations
- A real name on every building, all inside \$10,000,000

\$9.95M

SPENT OF \$10M

NAMED STREETS

POPULATION & DEMOGRAPHICS

Who lives here

- Half are **college students** — flats and a student clinic hug the campus
- About a third are **families** — houses cluster around the K-12
- One in five is **65+** — senior living and hospice sit in the quiet east
- That mix is why the map looks the way it does

THE ANCHOR · DONATED, OFF-BUDGET

University School of Medicine

- Med school, the Marchand library, and Whitmore + Caldecott halls around one quad
- Sits at the town's center — every district zones outward from it
- Student flats wrap the west and south edges
- It's why the town exists, so it gets the best spot

An aerial photograph of a city at sunset. In the foreground, a large, modern hospital building with a red cross on its side is prominent. The building has a helipad on its roof. To the left of the hospital is a large, multi-story building with a red facade. In the background, there are mountains and a large stadium. The sky is a mix of orange and yellow, with a large, bright sun or moon in the center.

3-15 · WELLNESS WAY

Thirteen ways to get care

- **Emergency:** Havenbrook General + Hartline EMS, a block apart on the Wellness spine
- **Everyday:** Thacher clinic, Brookfield physicians, Marigold dental, Parallax optical, Argus labs
- **Long-term:** Stoneleigh rehab, Stillwater behavioral health, Halcyon House, Stillpoint hospice
- **Public health:** the county Health Department · **At home:** Innisfree visits

An aerial, isometric-style illustration of a city development project at dusk. The scene shows a grid of streets with various housing types: small cottages, larger duplexes, and multi-story apartment buildings. In the background, there are rolling hills and mountains under a dark sky with some light clouds. The lighting is warm, suggesting sunset or sunrise.

#2 · RESIDENTIAL WEST · DONATED, OFF-BUDGET

The Preserve

- The required housing development — cottages, duplexes, townhouses
- Preserve Commons apartments fill the middle of the neighborhood
- Scholar's Walk + University Lofts take students; Midtown Flats takes downtown
- Nobody is more than a short walk from campus or a bus route

COMMUNITY · 11 LOCATIONS

The parts that aren't medicine

- **Errands:** Havenbrook Commons mall, Masterson's, Olsen's Market, Bellwether Pharmacy
- **Food:** The Orchard Table, The Painted Coyote, The Whippoorwill coffeehouse
- **Outside:** Willow Creek Park — pond, trails, bandshell
- **The boring-but-needed:** post office, school district, Quarry Hill Museum

An aerial, stylized illustration of a suburban neighborhood at dusk. In the center is a large, modern, multi-story building with a dark roof and glowing windows, likely a senior care facility. To its left are several smaller, single-story houses. A multi-lane road with cars runs diagonally across the scene. In the background, there are rolling hills covered in trees and a range of mountains under a sunset sky. A water tower is visible on the right side.

#14-15 · THE QUIET EAST

A place to grow old

- Halcyon House — assisted living + memory care around a courtyard garden
- Stillpoint Hospice next door, so the hardest visits stay short and private
- Innisfree home health means seniors keep their own homes longer
- The whole block sits on Sunset Ridge — farthest from traffic, closest to quiet

LAYOUT & PLACEMENT

How we laid it out

- Streets first: two arterials cross at the campus, 18 named streets fill the grid
- Hospital and EMS share the Wellness Way spine — minutes from anywhere
- Shops run along Commerce Blvd; the K-12 sits inside the neighborhoods
- Every address is within two blocks of a through-street — that's the EMS rule

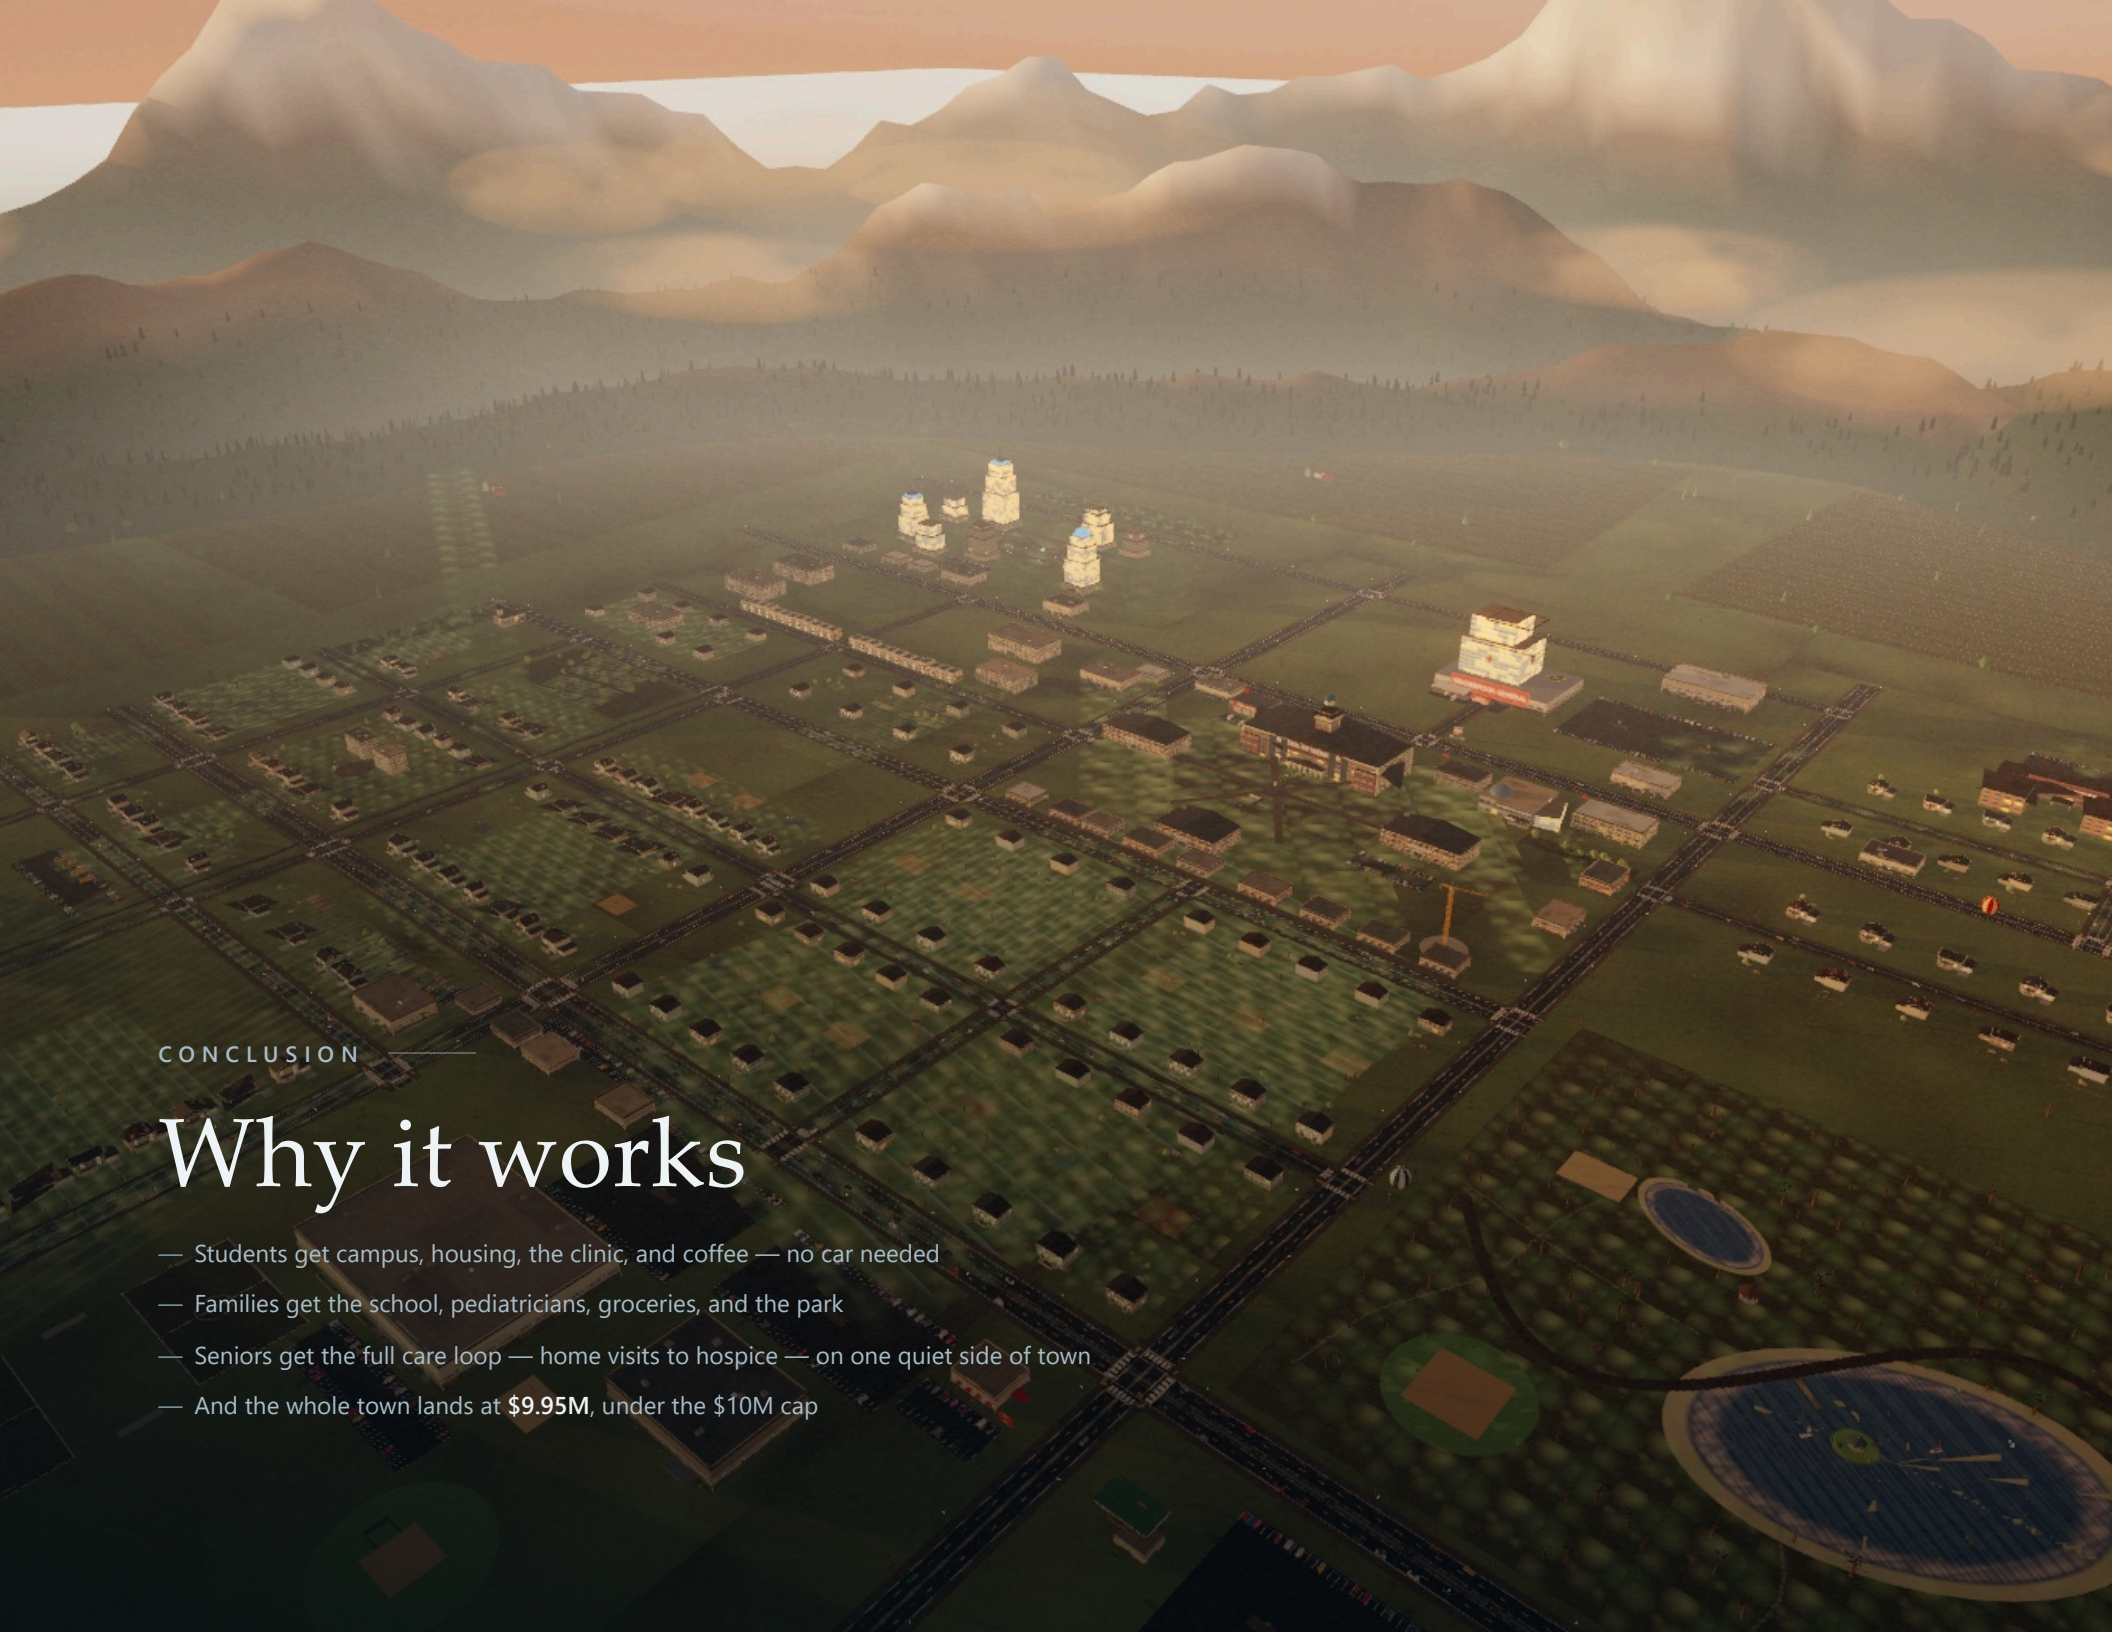

DECISION-MAKING

What we traded

- The two donated sites freed ~\$4.5M — so we bought 13 small facilities instead of one mega-campus
- Picked the mall over a second park — the Preserve already covers green space
- Senior care went to the quiet east instead of paying downtown frontage
- Stopped at 26 buildings and banked the leftover **\$50,000** instead of forcing a 27th

Where the money went

HEALTHCARE		\$6.25M · 13 SITES	COMMUNITY		\$3.70M · 11 SITES
03	Havenbrook General Hospital	\$1.5M	16	Masterson's Department Store	\$500k
04	Hartline EMS Station	\$400k	17	Havenbrook Commons Mall	\$1.0M
05	County Health Department	\$250k	18	Bellwether Pharmacy	\$500k
06	Argus Diagnostics Laboratory	\$100k	19	Quarry Hill Museum	\$500k
07	Stoneleigh Rehabilitation Center	\$750k	20	Havenbrook Unified School District	\$300k
08	Stillwater Behavioral Health	\$500k	21	The Orchard Table	\$250k
09	Thacher Student Health Clinic	\$200k	22	Willow Creek Park	\$200k
10	Marigold Dental Studio	\$300k	23	Havenbrook Post Office	\$150k
11	Parallax Optical	\$300k	24	Olsen's Market	\$100k
12	Brookfield Family Physicians	\$400k	25	The Whippoorwill Coffeehouse	\$100k
13	Innisfree Home Health	\$300k	26	The Painted Coyote	\$100k
14	Halcyon House Senior Living	\$750k	01	University School of Medicine campus	donated
15	Stillpoint Hospice	\$500k	02	The Preserve housing development	donated

An aerial, isometric view of a city grid. The city is laid out in a precise square pattern with streets and buildings. In the background, there are large, rugged mountains under a hazy, orange-tinted sky, suggesting a sunset or sunrise. The city features a mix of building sizes, including a prominent tall building in the center and several smaller structures. There are also green spaces, a baseball field, and a large circular area that looks like a park or sports field in the lower right.

CONCLUSION

Why it works

- Students get campus, housing, the clinic, and coffee — no car needed
- Families get the school, pediatricians, groceries, and the park
- Seniors get the full care loop — home visits to hospice — on one quiet side of town
- And the whole town lands at **\$9.95M**, under the \$10M cap
