

OUR TOWN HEALTHCARE SYSTEM PROJECT

HAVENBROOK

The town we designed around a med school — 26 buildings, all named, all budgeted.

TOWN OVERVIEW

A town zoned around its med school

- The donated campus sits dead centre — every district zones outward from it
- Care runs along Wellness Way up north; errands run along Commerce Blvd down south
- Housing and the K-12 hold the west; senior care gets the quiet northeast corner
- The rules we had to hit: 7+ healthcare sites, 3+ community spots, a name on every building, all inside **\$10,000,000**

POPULATION & DEMOGRAPHICS

Who lives here

- Half are **college students** — flats and a student clinic hug the campus
- About a third are **families** — houses cluster around the K-12
- One in five is **65+** — senior living and hospice sit in the quiet east
- That mix is why the map looks the way it does

THE ANCHOR • DONATED, OFF-BUDGET

Havenbrook University School of Medicine

- The Marchand Medical Library, Whitmore Anatomy Hall, and Caldecott Clinical Sciences Hall around one quad
- Sits at the town's centre — every district zones outward from it
- Student flats wrap the west and south edges
- It's why the town exists, so it gets the best spot

3-15 · WELLNESS WAY

Thirteen ways to get care +

- **Emergency:** Havenbrook General Hospital and Garrison Medical Transport, a block apart on the Wellness spine
- **Everyday:** Thacher Student Health Clinic, Brookfield Family Physicians, Marigold Dental Studio, Parallax Optical, Meridian Diagnostics Laboratory
- **Long-term:** Stoneleigh Rehabilitation Center, Ashwood Behavioral Health Center, Halcyon House Senior Living, Stillpoint Hospice
- **Public health:** Havenbrook County Health Department · **At home:** Innisfree Home Health
- **Why these:** every site maps to a resident — students, families, and the 65+ block

An aerial, isometric view of a city development project at dusk. The scene shows a grid of streets with various building types: small cottages, larger duplexes and townhouses, and several multi-story apartment buildings. Some buildings are illuminated from within, and streetlights are visible. In the background, there are rolling hills and mountains under a dark sky with some light clouds. The overall style is that of a digital architectural rendering.

#2 · RESIDENTIAL WEST · DONATED, OFF-BUDGET

The Preserve at Havenbrook

- The required housing development — cottages, duplexes, townhouses
- Preserve Commons Apartments fill the middle of the neighborhood
- Scholar's Court and Scholar's Walk apartments plus University Lofts take the students; Midtown Flats takes downtown
- Nobody is more than a short walk from campus or a bus route

COMMUNITY · 11 LOCATIONS

The parts that aren't medicine

- **Errands:** Havenbrook Commons Mall, Bardsley's Department Store, Olsen's Market, Bellwether Pharmacy
- **Food:** The Orchard Table, Mariposa Cantina, The Whippoorwill Coffeehouse
- **Outside:** Willow Creek Park — pond, trails, bandshell
- **The boring-but-needed:** Havenbrook Post Office, Havenbrook Unified School District, Quarry Hill Museum

An aerial, stylized illustration of a suburban neighborhood at dusk. In the center is a large, multi-story building with a dark roof and glowing windows, likely a senior living facility. To its left are several smaller, single-story houses. A multi-lane road with cars runs diagonally from the bottom left to the top right. Another road runs horizontally across the middle. In the background, there are rolling hills covered in trees and a range of mountains under a sunset sky. A water tower is visible on the right side.

#14-15 · THE QUIET EAST

A place to grow old

- Halcyon House Senior Living — assisted living + memory care around a courtyard garden
- Stillpoint Hospice next door, so the hardest visits stay short and private
- Innisfree Home Health means seniors keep their own homes longer
- The whole block sits on Sunset Ridge — farthest from traffic, closest to quiet

LAYOUT & PLACEMENT

How we laid it out

- Streets first: two arterials cross at the campus, 18 named streets fill the grid
- Hospital and EMS share the Wellness Way spine — minutes from anywhere
- Shops run along Commerce Blvd; the K-12 sits inside the neighborhoods
- Every address is within two blocks of a through-street — that's the EMS rule

An aerial, stylized illustration of a city park. In the foreground, a large circular pool with a blue and white checkered pattern is surrounded by a green lawn with small trees. To its left is a smaller, oval-shaped pool. A black roller coaster track winds through the park. In the background, there are rolling hills with dense evergreen forests, a small town with white houses, and a large Ferris wheel. A road with cars is visible in the bottom right corner. The sky is a soft orange and pink, suggesting sunset or sunrise.

DECISION-MAKING

What we traded

- The two donated sites freed ~\$4.5M — so we bought 13 small facilities instead of one mega-campus
- Picked the mall over a second park — the Preserve already covers green space
- Senior care went to the quiet east instead of paying downtown frontage
- Stopped at 26 buildings and banked the leftover **\$50,000** instead of forcing a 27th

Spent **\$9.95M** of **\$10.00M** · **\$50,000** left unspent

26 numbered buildings · every one named

An aerial, isometric view of a city grid. The city is laid out in a precise square pattern with streets and buildings. In the background, there are large, hazy mountains under a soft, orange-hued sky, suggesting a sunset or sunrise. The city features a variety of buildings, including residential blocks, larger commercial or institutional structures, and green spaces. A river or canal winds through the lower right portion of the grid. The overall aesthetic is that of a digital city simulation or a stylized architectural rendering.

CONCLUSION

Why it works

- Students get the campus, the flats, the Thacher Student Health Clinic, and the Whippoorwill — no car needed
- Families get the school, Brookfield Family Physicians, Olsen's Market, and Willow Creek Park
- Seniors get the full care loop — Innisfree Home Health visits all the way to Stillpoint Hospice
- And the whole town lands at **\$9.95M**, under the \$10M cap
